PRINCIPAL'S CORNER

This month's spotlight at WWHS is the Educational Talent Search. It is one of the College's TRIO Programs and is 100% federally-funded through a grant from the U.S. Department of Education. Each year, Talent Search recruits and provides program services to eligible middle and high school students in Calhoun, Cleburne, and Etowah Counties. Program services and activities are intended to support, motivate, and encourage students to complete secondary school and enroll in and complete a program of post-secondary education. Talent Search services include connections to high-quality academic tutoring, advising, career counseling, assistance in preparing for college, financial literacy, financial aid information and assistance, academic and life skills workshops, college campus visits, and cultural/educational field trips. CHAMPS/FOUNDATIONS

TIP FOR THE MONTH:

Have you ever stopped to think about how many times you react negatively to your students/kids in a given day? You may find yourself criticizing far more often than complimenting. How would you feel about a boss who treated you with that much negative guidance, even if it was well intentioned?

The more effective approach is to catch kids doing something right: "You started your assignment without being asked - that's terrific!" These type statements will do more to encourage good behavior over the long run than repeated scoldings.

Make a point of finding something to praise every day. Be generous with rewards—your love, kindness, and compliments can work wonders and are often reward enough. Soon, you will find you are "growing" more of the behavior you would like to see.
